President's Secretary Tells Hosts White House Latch-

String is Always Out.

The White House latch string is out, and will stay out as long as it is humanly possible. This is the message given the people of the District of Columbia by George B. Christian. jr., private secretary to the President, at a dinner given in his honor by the State Committee, at the University Club last night.
- It is seldom that a more enthusiastic gathering is held in Washington

than was the gathering of the 'local' Republicans last night. Everybody had adjood word to say for Secretary Christian, but it developed during the evening that the object of the

ing the dinner was to make the people of the District acquainted with the President's secretary. It developed during the evening that Mr. Christian knew more persons in Washington than the Republican Charles Ray in "Nineteen and Phyl-

Washington than the Republican Committee.

Not only were the local Republican leaders present to do honor to Mr. Christian, but several prominent nationally known Republicans were also present, and praised the qualities of the man who will in a large measure direct things at the White House for the next four years.

Postmaster General Will H. Hays congratulated the local Republicans on the showing they had made during the last campaign and pinned verbal Croix de Guerre on every one, and Distinguished Service Crosses on the leaders, particularly William T. Galli-her, Edward F. Colladay and the offi-

GOOD BLOOD NEEDED IN SPRINGTIME

People With Poor Appetite, Bad Complexions and "Spring Fever" Reed a Blood Tonic

QUDE'S PEPTO-MANGAN IS BEST

Makes Rich Red Blood-Re Vitality and Increases Body's Resistance to Disease

Spring is the time when good blood is so vital to health. If you do not feel the thrill of Spring in your blood, if you take no pleasure in living. If your appetite is poor, your complexion pallid or muddy, and you tre easily, you can be pretty sure your blood is not up to the mark. So many feel that way in the Spring. Especially housewives who have so much work to do. They get over-tired and rundown—their blood becomes weak and thin.
